

Nerang Street between Davenport and Scarborough Streets

Nerang Street between Scarborough and Davenport Streets will ultimately become a pedestrian mall with a light rail station in the centre. Driveway access will be maintained for businesses on the northern side of the road. No through traffic will be allowed onto Scarborough Street.

To assist businesses during this time, temporary parking has been reinstated in Nerang Street between Davenport and High Streets until late in 2012.

The pedestrian plaza and work zone in Nerang Street

What to expect:

- On street parking between Davenport Street and Scarborough Street will be permanently removed at the beginning of construction in early April 2012.
- Barriers and fencing will be erected along the centre parking section between Davenport Street and Scarborough Street to contain the work area.
- The centre median and vegetation will be removed.
- Public utilities such as Energex will be relocated.
- From June 2012, Nerang Street between Davenport and Scarborough Streets will be closed to through traffic in both directions for more extensive service relocation work.
- The new track and station construction will start in August 2012.
- Construction work will be carried out between 6:30 am and 6:30 pm, Monday to Saturday. Works outside of these hours will be notified.
- All pedestrian access, and vehicle access for northern side businesses, between Davenport Street and Scarborough Street will be maintained during construction.

About GoldLinQ:

In June 2011 GoldLinQ was awarded the contract to design, build and operate Stage One of the light rail system. In partnership with the State and Federal Government and the Gold Coast City Council, GoldLinQ will deliver a \$1 billion world-class public transport system for the Gold Coast scheduled to commence operations in 2014.

Timing of this work is subject to weather conditions and construction constraints.
Thank you for your patience during the delivery of Queensland's first light rail system.
