

Surfers Paradise bus service changes

From Monday 14 May 2012, TransLink bus services that travel along Surfers Paradise Boulevard will be re-routed along the Gold Coast Highway to accommodate the construction of the Gold Coast Light Rail project.

AFFECTED ROUTES

750

Travelling north, route 750 will not turn into Surfers Paradise Boulevard, instead continuing along the Gold Coast Highway until Tedder Avenue, it will then turn into Breaker Street before returning to its normal route along Main Beach Parade. Southbound buses will also follow this route (in reverse order). All bus stops along Surfers Paradise Boulevard and Main Beach Parade (south of Breaker Street) will be closed and passengers should make their way to the closest alternative stops along Gold Coast Highway and Breaker Street (see map).

N750

The NightLink N750 service will start on the Gold Coast Highway near Cavill Avenue and travel south along the highway until joining its normal route at Ferny Avenue.

21, N21 & 740

Routes 21, N21 and 740 will not travel along Elkhorn Avenue and Surfers Paradise Boulevard, instead eastbound buses will turn directly from Thomas Drive onto the Gold Coast Highway. Westbound buses will start on the Gold Coast Highway. Please see the map for the closest alternative stops, near Appel Park (northbound) and opposite Wahroonga Place (southbound).

745

Travelling north, route 745 will no longer turn from the Gold Coast Highway into Beach Road, it will instead turn into Peninsular Drive to end its trip. The Beach Road bus stop will be replaced by a new bus stop on Peninsular Drive (see map). On the southbound journey (to Broadbeach/Nerang) it will travel along the Gold Coast Highway instead of Surfers Paradise Boulevard and passengers should make their way to the closest alternative stops along Gold Coast Highway (see map).

BUS STOP CLOSURES

All bus stops along Surfers Paradise Boulevard, Main Beach Parade (south of Breaker Street) and Beach Street will be closed. From Monday 14 May, passengers should make their way to the closest alternative stops along Gold Coast Highway, Breaker Street and Peninsular Drive (see map).

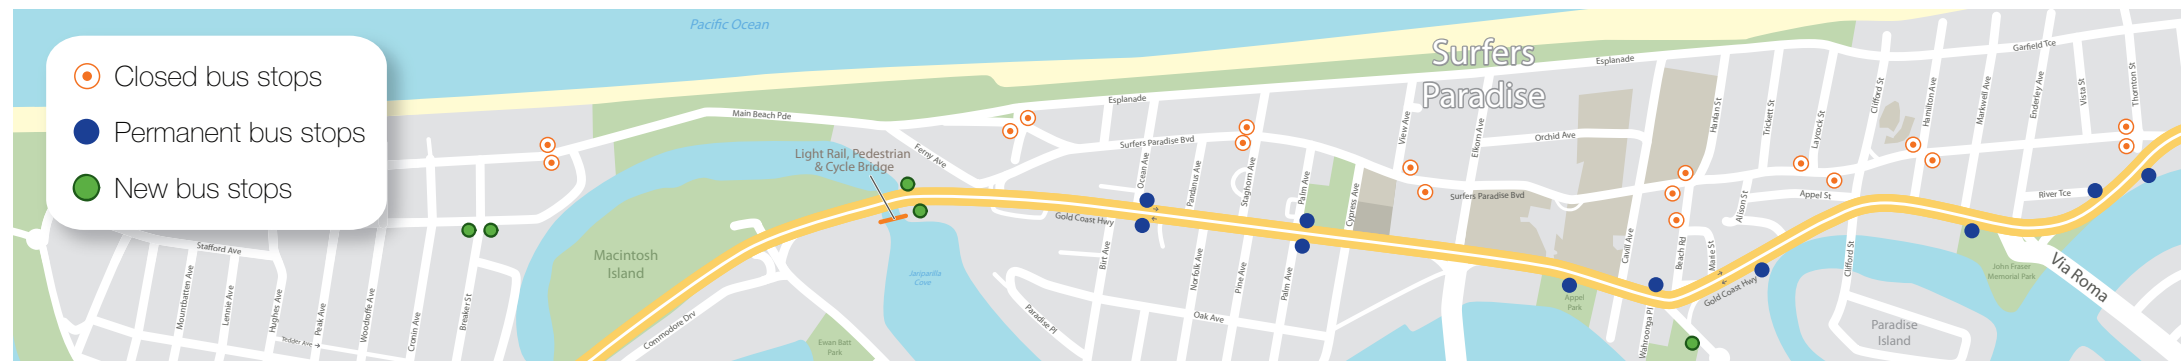

BUS STOP EXTENSIONS AND NEW BUS STOPS

Existing bus stops along the Gold Coast Highway will be upgraded and extended to accommodate the increased number of services and passengers. New bus stops will also be built on Peninsular Drive and Breaker Street. This work will be undertaken over the coming weeks in the lead up to the closure of the Surfers Paradise Boulevard stops on Monday 14 May 2012. These works may impact on bus stops for routes 5, 21, N21, 700, 702, 703, 706, 707, 709, 740, 745, 750, N750 and TX2.
