

Construction starting on Surfers Paradise Boulevard

From Monday 24 September 2012, construction will begin along on Surfers Paradise Boulevard between Hamilton Avenue and Thornton Street.

The initial works will involve relocating services, above and below ground, such as gas, water and electricity, and upgrading storm water drainage. Intermittent traffic diversions and single lane closures will occur, but access to properties will be maintained at all times.

Traffic changes:

From Wednesday 3 October, Surfers Paradise Boulevard will become one-way southbound from Hamilton Avenue to Thornton Street.

To facilitate track laying, intermittent intersection closures will occur at Markwell and Enderley Avenues. Affected residents and businesses will receive detailed notice prior to the closures.

Alternative routes and redirections will be signed. Please drive to the conditions at all times during construction as points of access, temporary lane closures and changes to traffic flow will occur.

What to expect:

- Installation of safety barriers and fencing to contain the construction area.
- Heavy machinery, such as excavation and crane movements to facilitate construction activities.
- Construction will involve relocating services, above and below ground, such as gas, water and electricity, and upgrading storm water drainage.
- Construction of new footpaths, kerbs and roadway.
- Temporary service outages will occur and will be managed by the appropriate service provider. Affected premises will be notified prior to outages occurring in line with current legislated requirements.
- Pedestrian access routes will be maintained around the construction area (see map). Temporary footpath closures near the active work area will occur and alternative routes will be signed.
- Construction noise, dust and vibration at times. Every effort will be made to minimise these impacts.
- The majority of construction work will be carried out between 6:30am and 6:30pm, Monday to Saturday.
- Timing of this work is subject to weather and construction conditions.

Night works:

- Night works will be required for traffic management from Tuesday 2 October 7:00pm to Wednesday 3 October 6:30am.
- Future night works may be required as part of these works to minimise the impact on businesses, pedestrians and traffic. Affected businesses and residents will be notified in advance of night works.
- During night works vehicles will use "quacker" (quieter) style reversing alarms to reduce noise.
- Light towers will be placed to limit glare to nearby residences.

We apologise for any inconvenience and thank you for your patience during construction.
