

## Gold Coast Light Rail

Week Commencing Monday 27 May 2013

### Parklands

---

Track form and underground service works along Parklands Drive and within the underground station continue.

### Depot

---

Installation of ceilings and walls on the ground floor of the operations and control centre will finish. Track form and construction works including night works at the Baratta Street side of the Depot yard will occur.

### Southport

---

#### Queen Street

##### Between Wardoo and Nerang Streets

Construction of Queen Street Station continues. The intersection of Wardoo and Queen Street will be closed in the eastbound direction on Tuesday night. No left turn will be available from Wardoo Street into Queen Street. Access will be maintained in the westbound direction.

#### Queen Street Partial Lane Closures

Partial lane closures will be required for landscaping and finishing works between Wardoo and Nerang streets. The closures will occur from 9:30am to 2:30 pm in the westbound direction. Local access will be maintained. Night closures in both directions will also occur.

#### Nerang Street

##### Between Queen and Davenport Streets

Track preparation including concrete pours and kerb work continues. There will be occasional night time lane closures for this work.

##### Between Davenport and Scarborough Streets

Construction of Southport Station continues.

#### Scarborough Street

##### Outside the Dick Smith store

Work building Energex pits will continue in the footpath area.

##### Corner Scarborough and Nerang St (outside the Lucky 7 store)

Work to rebuild an Energex pit in the footpath area commences.

##### Between Nerang Street and Australia Fair

Drainage work, track form construction and electrical conduit installation continues. Kerb work will commence.

##### Between Lawson Street and White Street

Pavement and drainage works will continue.

##### Between White and Queen Streets

Track laying preparation and construction of Southport South Station continues in the centre median. Some night time lane closures may be required.

##### Between Short Street and Australia Fair

Track form and drainage works will continue.

##### Between Short Street and Park Lane

Water main works continue opposite the RSL.

#### Lawson Street

Work to install the storm water system continues. Lawson Street will reopen to traffic in late June.

#### Short Street

Work on the storm water system continues. Short Street will reopen to through traffic at the Scarborough Street intersection in mid-June.

#### Queen Street

##### Near the Croquet Club

Track laying preparation and drainage work continues.

#### Barney Street

Track preparation works continue.

### Nerang River

---

Construction of the piers and the bridge spans continue.

#### Nerang River Barge Movements

The barge Leonora continues to work from south to north completing piling. The navigation channel under the existing traffic bridge has now moved to the south of its charted position.

Keep up-to-date with the progress of Queensland's first light rail and to sign up for updates visit [goldlineq.com.au](http://goldlineq.com.au) or call the project hotline on 1800 967 377\*

\*Free call within Australia. Call charges may apply from mobile phones and payphones.

Approaches to the bridge are marked and vessels should use extreme caution when transiting this area.

Mariners should obey speed limits, buoys and signs and are advised of the reduced overhead clearance at the temporary navigation span of four metres at the highest astronomical tide. Details are available on the [Maritime Safety Queensland website](#).

## Paradise Waters

---

### Admiralty Drive

Concrete pours of the track form will occur across the northern section of Admiralty Drive. Following these works traffic will switch to allow rail to be laid across the southern part of the intersection. Traffic access into and out of Paradise Waters will be maintained, however points of access may change.

### Macintosh Island South bridge

Preparation for piling works continue on the Macintosh Island south light rail vehicle bridge. Access for mariners under the existing bridge is maintained, however changed conditions are in place

## Surfers Paradise

---

### Ferny Avenue to Main Beach Parade

Piling will continue between Ferny Avenue and Main Beach Parade. Underground service works and track preparation continue. Some night works will occur.

### Ocean Avenue to View Avenue

Underground service and track form preparation continue. Temporary road closures are required on Surfers Paradise Boulevard at the following times:

- From 6:30am on Monday 27 May to 6:30pm on Tuesday 28 May between Palm Avenue and Staghorn Avenue.
- From 6:30am on Wednesday 29 May to 6:30pm on Thursday 30 May between Ocean Avenue and Staghorn Avenue.

Local access will be maintained during these closures and some night works will be required

Night works to finalise underground service installations will take place on the corner of View Avenue and Surfers Paradise Boulevard from 6:30am to 6:30pm on Sunday 26 May 2013 for up to four nights.

### Elkhorn Avenue to Cavill Avenue

Surfers Paradise Boulevard is closed to all through traffic between Elkhorn Avenue and Cavill Avenue. Underground service upgrades, track works and finishing works will continue in the area from 6:30pm to 6:30am.

### Cavill Avenue to Beach Road

Works at the intersection of Cavill Avenue will continue next week. Night works will take place from 6:30pm to 6:30am, Sunday to Thursday. Access through the intersection will be maintained.

Works to install underground services along the eastern and western footpath will occur. Temporary road closures, footpath closures and night works will take place from Monday 27 May to Thursday 30 May between 6:30pm and 6:30am.

### Beach Road to Trickett Street

Hanlan Street is currently a left turn only onto Surfers Paradise Boulevard. There is also no access into Hanlan Street from Surfers Paradise Boulevard. There is no access from Beach Road onto Surfers Paradise Boulevard. Access into Beach Road from the boulevard is maintained.

### Trickett Street to Clifford Street

Works to install underground services continue. Night works will take place between Trickett Street and Laycock Street from Sunday to Thursday between 6:30pm to 6:30am.

### Clifford Street to Hamilton Avenue

Southbound traffic movements between [Clifford and Thornton Street](#) remain closed. All intersections for east to west traffic movement are open. Works to install underground services continue. Works to upgrade traffic signals at the intersections continue. Preparatory works for the demolition of abandoned buildings on the corner of Surfers Paradise Boulevard and Hamilton Avenue will begin.

#### Hamilton Avenue to Markwell Avenue

Works to install track continues. Night works to install underground services along the eastern footpath will take place from 6:30pm to 6:30am from Sunday 26 May 2013 for up to four nights.

#### Markwell Avenue to Enderley Avenue

Underground service works and finishing works continue.

#### Enderley Avenue Intersection to Vista Street

Works to install rail across the Enderley Avenue intersection continue. To maintain access at all times traffic will be reduced to a single lane and managed by temporary traffic signals. Night works to install rail at the intersection will take place from 6:30pm to 6:30am from Sunday 26 May for up to four nights.

#### Vista Street to Thornton Street

Works to install rail across the Thornton Street intersection continue. To maintain access at all times traffic will be reduced to a single lane and managed by temporary traffic signals. Night works to install rail at the intersection will take place from 6:30pm to 6:30am from Sunday 26 May for up to four nights. Piling continues in this area. Underground service upgrades continue and traffic management will be in place to assist vehicles and pedestrians.

### Broadbeach

#### Gold Coast Highway

##### Australia Avenue partial intersection closure

From Sunday night 26 May, the intersection of Australia Avenue and the Gold Coast Highway will be partially closed. Australia Avenue will be left-in/left-out only. Northbound access to Australia Avenue is available on the Gold Coast Highway via a U-turn at St Kilda Avenue. Periodic temporary single lane closures northbound and southbound on the Gold Coast Highway will also occur.

##### Queensland Avenue

Underground service works continue on the eastern side of the Gold Coast Highway. Temporary lane closures will occur. Access to Queensland Avenue and Main Place will be maintained.

#### Main Place

Underground service works will begin on the corner of Main Place and Victoria Avenue. Two car parking spaces will be removed during these works and reinstated upon completion. The works will take one week to complete.

On Monday night 27 May 2013 underground services works will cross the Gold Coast Highway from T E Peter's Drive to Main Place. Periodic lane closures of the highway will occur.

#### Elizabeth Avenue intersection

The intersection is now re-opened to all traffic.

**Timing of these works is subject to weather conditions and construction constraints.**
