

## Stage One stations

### **Construction of Stage One of Queensland's first light rail system has now commenced.**

In June 2011 GoldLinQ was awarded the contract to design, build and operate Stage One of the light rail system. In partnership with the State and Federal Governments and Gold Coast City Council they will deliver a \$1 billion world-class public transport system for the Gold Coast that is scheduled to commence operations in 2014.

McConnell Dowell and Bombardier Transport Joint Venture are the design, construct and delivery arm of the GoldLinQ consortium. Once the light rail is built KDR Gold Coast will operate and maintain the system for a period of 15 years. KDR currently operates the Melbourne tramway and is a company partnership between Keolis and Downer EDI Ltd. Keolis is one of Europe's leading public transport operators. Downer EDI is a well known Australian company that provides management services within the Rail and Road market sectors as well as other market sectors.

## Stage One stations

Stage One of the light rail system, and future stages, promise to significantly improve the liveability of the Gold Coast while assisting to meet the challenges of urban growth by providing access to improved public transport and offering the potential for transit oriented development along the light rail corridor. There will be 16 stations along the Stage One 13-kilometre dedicated route. Stations will be located at:

- **Gold Coast University Hospital**
- **Griffith University (Smith Street end)**
- **Queen Street (near Wardoo Street)**
- **Gold Coast Hospital (Nerang Street)**
- **Southport (Nerang Street)**
- **Southport South (Scarborough Street)**
- **Broadwater Parklands (Queen Street East)**
- **Main Beach (south of Waterways Drive)**
- **Surfers Paradise North (near Ocean Avenue)**
- **Cypress Avenue**
- **Cavill Avenue**
- **Surfers Paradise (near Clifford Street)**
- **Northcliffe**
- **Florida Gardens (near Monaco Street)**
- **Broadbeach North (near Queensland Avenue)**
- **Broadbeach South (near Pacific Fair)**

\*Station names are subject to change.

Stage One is the 13-kilometre light rail corridor connecting Griffith University to Broadbeach, passing through the key activity centres of Southport and Surfers Paradise. You can keep up-to-date with the progress of the light rail works through the website at [www.goldlink.com.au](http://www.goldlink.com.au) or call the project hotline on 1800 967 377\*.
