Light Rail Mail

Tuesday 27 May 2014

Light Rail Mail final edition

As we near the end of construction of the Gold Coast light rail system and with passenger services just around the corner, we bid you farewell from Light Rail Mail.

For the past two and a half years Light Rail Mail has been keeping you up-to-date with the latest news, updates and progress of the construction of the Gold Coast light rail project.

Below you will find the best contacts if you have any questions around the operations of the system. Also stay tuned for our new updates and newsletters from the G: once passenger operations commence.

We thank you for being part of the journey during construction and look forward to seeing you on board the G: soon.

Fares and ticketing

TransLink manages fares and ticketing for public transport across South East Queensland, including the G:link system.

Operations of the light rail

KDR, as part of the GoldLinQ consortium, operates the G:link light rail system and is responsible for

Works in and around the G:

When planning works on or around your business you now have new hazards to consider with overhead

For information on fares and ticketing, journey planning and general public transport information please visit translink.com.au or call 13 12 30.

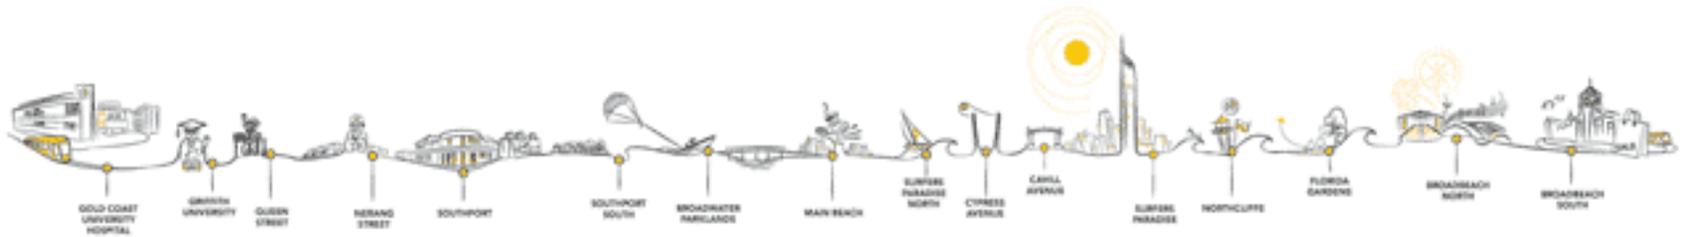

customer service, tram drivers and the operations control centre.

Any questions you have with regard to the operations of the system, including timetables, lost property, or security please either visit ridetheg.com.au or call 1800 064 928.

wires powered up with electricity and trams moving frequently through the area.

If you require any works close or near to the light rail system you will need to consider these new hazards.

For further information around what is required with works around the light rail system please contact KDR on 1800 064 928 or visit ridetheg.com.au.

Level 2, 7 Bay Street, Southport, QLD 4215, Australia.
