

# Gold Coast Rapid Transit

## Broadbeach roadworks update

July 2012

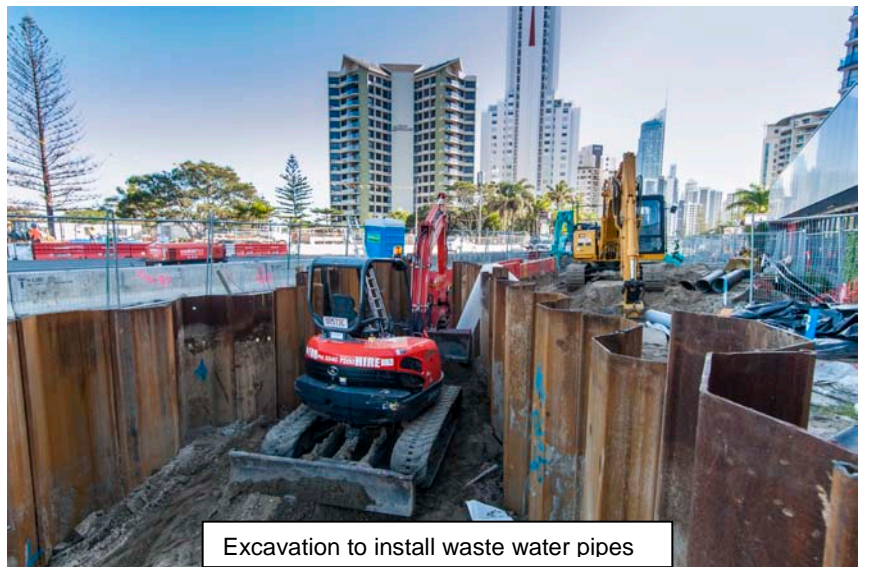

The following construction works are planned for August in the Broadbeach roadworks area as the Gold Coast Highway is prepared for construction of Queensland's first light rail system.

### Northern Zone: Gold Coast Highway between the intersections of Thornton Street and Armrick Avenue.

- Installation of **new water mains** between Thornton Avenue and Wharf Road is being completed. More than 10km of new water, wastewater and stormwater pipelines have been constructed within the 2km section of road between Thornton Street and Australia Avenue.
- Work compounds** remain between Thornton Street and Armrick Avenue, this includes the continued closure of Aubrey Street, Frederick Street, First Avenue Second Avenue, Genoa Street and Monte Carlo Avenue. Armrick Avenue will also be temporarily closed to complete water main installations. The removal of the right hand turn at Monaco Street is still in place. The intersection of Surfers Paradise Boulevard and the Gold Coast Highway also remains closed for pavement work. Detour signs are in place for all road closures.
- Construction of the **road surface** on the Gold Coast Highway and some side-street intersection upgrades will occur between Thornton Street and Armrick Avenue, Surfers Paradise. Asphaltting will continue as the road surface is rebuilt. This work will be done in both day and night shifts and may involve temporary lane closures and traffic changes. We thank you for your patience.
- Footpaths and driveways on the Gold Coast Highway are being constructed and driveways affected by works will be progressively reinstated.

Final light rail alignment in the centre of Gold Coast Highway

Excavation to install waste water pipes
