

Weekly Construction Update #12

Gold Coast Light Rail

Week commencing Monday 25 June 2012

GoldLinQ and 102.9 Hot Tomato are on the lookout for the *Voice of the Tram!* Audition today at mygc.com.au

Parklands to Southport

Parklands Drive

Energex electrical work continues around Parklands Drive.

Allconnex waste water works will take place along Parklands Drive from Monday 25 to Wednesday 27 June.

Smith Street and the Depot

Piling work to construct the piers for the Smith Street light rail bridge continues. Earthworks and tunnel boring continues at the Depot.

Queen Street

Preparatory works for Queen Street track laying continue with excavation and placement of road base.

Nerang and Scarborough Streets

The taxi rank has temporarily relocated 100 metres north to Nerang Street mall outside the TAFE. The centre median will be progressively removed from Scarborough Street.

Paradise Waters

Vegetation clearing

Vegetation clearing will recommence along the western side of the Gold Coast Highway at Paradise Waters, from the Macintosh Island North Bridge to the Gold Coast Bridge. Traffic management will be in place to assist motorists and pedestrians.

Surfers Paradise

Traffic closure

Surfers Paradise Boulevard is closed to all through traffic from the intersection at Ferny Avenue (Gold Coast Highway) to Main Beach Parade for up to five weeks.

Underground service relocations and drainage upgrades will continue at the intersection. Temporary lane closures and changes to traffic flow are in place. Alternative routes are signposted and traffic management is in place.

Waste water investigations

Waste water investigations continue along Surfers Paradise Boulevard between Elkhorn Avenue and Thornton Street next week from 7:00am to 6:00pm. Single lane closures may occur and traffic management will be in place. GoldLinQ has notified directly impacted residents and businesses.

Broadbeach

Bus stop relocation works

The bus stop on the Gold Coast Highway just north of the Caltex service station will be moved 120 metres south. The new location will be between the Caltex entry and exit driveways. Preparations will take place for a concrete slab to be poured and a TransLink temporary shelter installed, prior to the existing bus stop structure being removed.

Drainage pipes in storage at Macintosh Island

You can keep up-to-date with the progress of Queensland's first light rail by visiting goldlinq.com.au, calling the project hotline on 1800 967 377* or sending an email to information@goldlinq.com.au.

* Free call within Australia. Call charges may be applied from mobile phones and pay phones.
