June 2011

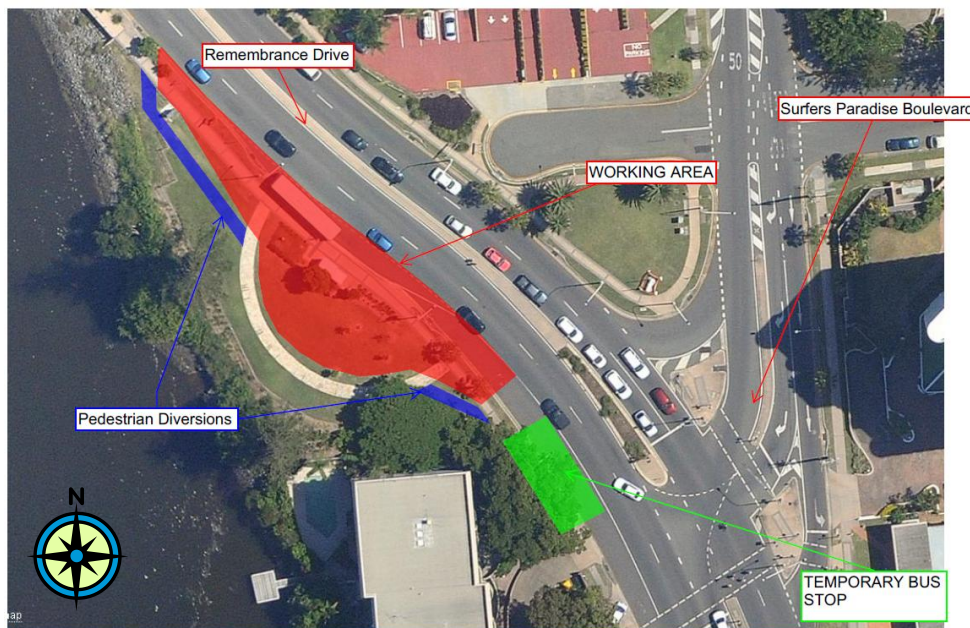

Remembrance Drive Bus Stop: Temporary Relocation

To prepare the roadway for the future light rail alignment, a temporary relocation of the northbound bus stop located on Remembrance Drive is required.

From 14 June 2011, the northbound bus stop located on Remembrance Drive (opposite Thornton Street) will be temporarily relocated 50 metres south of its current location, while works are undertaken to increase the capacity of the current bus bay. A temporary bus stop and marquee will be erected prior to work commencing.

To accommodate the expansion of the temporary bus stop and the future light rail corridor, four on-street car parking spaces will be permanently removed.

Hours of work are generally between 6.30am and 6.30pm Monday to Saturday for up to eight weeks. Timing of this work is subject to weather and construction conditions.

The project team would like to apologise for any inconvenience caused.
