

Gold Coast Rapid Transit

Full road closure of Queen Street (Ward Street to Wardoo Street), Southport

Friday 29 July – Monday 1 August 2011

Works to install and connect a new water pipeline across Queen Street (at Bambarra Street) will be undertaken from the evening of Friday 29 July until the morning of Monday 1 August 2011, weather permitting. These works will involve a full closure of the western section of Queen Street (Ward Street to Wardoo Street) during the weekend.

Works will involve:

- Installation and connection of a new water pipeline across Queen Street at Bambarra Street (refer to map).
- Excavation and laying of the water pipeline using open trench construction methods.
- Continuous weekend works from 29 July – 1 August 2011.

What to expect:

- Works are not expected to affect usual water services to nearby residential or commercial properties.
- Access to Queen Street between Ward Street and Wardoo Street will be temporarily closed to traffic from 6.30pm on Friday 29 July until 5.30am on Monday 1 August 2011 while the new water pipeline is installed.

Should weather or construction conditions prevent works from occurring at this time, works will be rescheduled for subsequent weekend(s).

- Queen Street traffic will be required to follow signed detours via Ward Street and Minnie Street.
- Local access to residential properties between 238 and 250 Queen Street will be available (under traffic control).
- Residents between 256 and 262 Queen Street will be able to access their properties by turning right from Salmon Street into Queen Street (under traffic control).
- All traffic changes will be signed and traffic controllers will be in place to direct motorists during the works.
- Increased truck movements along Queen Street and surrounding streets.

- The speed limit in the works zone will be reduced to 40km/h for the safety of roadworkers and motorists.
- Localised noise, dust and vibration can be expected during the works. These impacts will be regularly monitored and reduced where possible.

All efforts will be made to keep disruption to a minimum. We thank you for your patience and cooperation.
